The proposed resolution is an enabling resolution under the provisions of Section 62(3) and other applicable provisions of the Companies Act, 2013, in view of the fact that under the lending arrangements banks/financial institutions may insist for inclusion of an option to convert the outstanding facility into equity shares of the borrower in the event of default or upon exercise of an option, if any provided under the lending arrangements in the relevant facility agreements.

The proposed grant of option for conversion of outstanding loans to equity shares would require prior approval of the members by way of special resolution. Hence, the Board of Directors of the Company recommends the said enabling resolution for the approval of the members.

None of the Directors or Key Managerial Personnel of the Company or their relatives are in any way concerned or interested, financially or otherwise, in the above resolution except in the ordinary course of business.
